At PROTONZ, it means achieving real business results that allow you to transform, and not just maintain, your operations. Our IT services, business solutions, and outsourcing bring you a level of certainty that no other competitor can match. You'll experience requirements that are met on-time, within budget, and with high quality; greater efficiency and responsiveness to your business; and the ability to shift investment to strategic initiatives rather than tactical functions

True value from technology requires an in-depth understanding of business strategy. Today's businesses need partners who can talk about strategy and technology in the same conversation. At Protonz, we believe true value from technology requires an in-depth understanding of business strategy. Our cross-industry consulting services help you craft a vision for your organization and then provide a specific, practical business and technology framework that will make that vision a reality. Our consulting competencies spread across business, process, quality and technology consulting.

## Why PROTONZ

You save money in... As we don't have many employees to pay wages, and big infrastructure to maintain; we can maintain our production cost comparatively lower without compromising in quality. You get what you need... You discuss your business and marketing requirements with a person who possesses a very good knowledge of your requirements and is capable of converting your requirements into solutions.

Hence there is no scope for communication gap, our methodology will help us to deliver your needs without any hassles. We are dynamic and keep ourselves up-to-date with new web technologies. It is also not only on the programming side that we innovate - we attempt to ensure that each and every website we design should have originality and uniqueness without compromising the short deadlines and quick turnaround times that our clients sometimes demand from us.

**PROTONZ** leadership is founded on talented employees effectively applying advanced technology, innovative manufacturing and sound business management. We add more value at lower cost with faster response. We each lead through our competence, creativity and teamwork.

**We act with INTEGRITY in all we do...**

We are each personally accountable for the highest standards of behavior, including honesty and fairness in all aspects of our work. We fulfill our commitments as responsible citizens and employees. We will consistently treat customers and company resources with the respect they deserve.

**We regard our SUPPLIERS as essential team members...**

We owe our suppliers the same type of respect that we show to our customers. Our suppliers deserve fair and equitable treatment, clear agreements and honest feedback on performance. We consider our suppliers' needs in conducting all aspects of our business.

**Our Four Key Behaviors****1. Live the Company Values**

We all have the company values listed on the back of our badges—Quality, Customer Satisfaction, Leadership, Integrity, People, Suppliers. Integrity must characterize everything we do. We want everyone who comes in contact with us to know that we do things the right way at PROTONZ. We don't take short cuts.

**2. Focus on Operating Excellence**

**PROTONZ** is very well positioned strategically. We must focus on program performance to deliver on the full operating and financial potential of our company.

**3. Communicate Openly**

We want good news to travel fast and bad news to travel even faster up the line. We need to be mindful of the importance of honestly communicating problems as well as breakthroughs. The sooner we communicate a problem, the easier it is for us to marshal our company's resources to solve it.

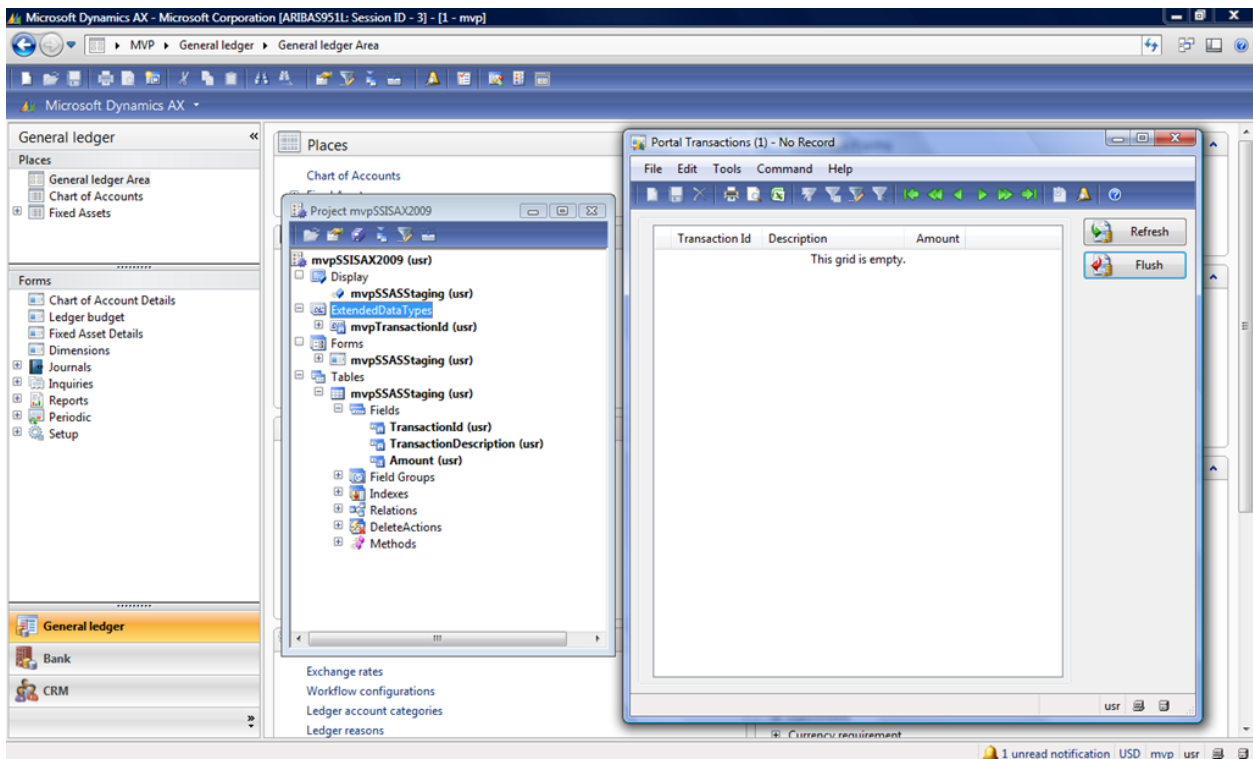

**4. Collaborate Across the Company**

**PROTONZ** power comes from the talented people who make up our company. By cooperating and sharing our knowledge with each other seamlessly across organizations, we can make our company even stronger.
